Gijs Heynickx

EXPERTISE

- Extensive experience with corpus analysis
- Applying theoretical concepts to data
- Extensive experience with annotation software ELAN
- Experience with qualitative methodologies such as grounded theory

QUALITIES

- Concise
- Systematic
- Diligent
- Passionate
- Team-oriented

Gijs Heynickx

ABOUT ME

I am a recently graduated master's student aspiring to start a PhD. As a linguist, I have a strong passion for semiotics, pragmatics and semantics. My fields of specialisation include interaction analysis, framing analysis and linguistic modal analysis. I am eager to broaden my scientific horizons, in order to grow as a junior researcher.

EDUCATION

Master in interpreting 2022-2024
KU Leuven | Cum laude

Thesis: multimodal analysis of repair in interpreted interaction

Master in journalism 2022-2023
KU Leuven | Cum laude

Thesis: framing analysis of Dutch newspaper's coverage of IPCC panel

Bachelor in Applied Linguistics: English - German 2018-2022
KU Leuven | Cum laude

Bachelor paper: modal analysis of The Independent's coverage of the first wave of the COVID-19 pandemic

EXPERIENCE

Transcriber 2023-2024
KU Leuven | Internship

Transcribing class recordings to train AI subtitles for deaf and hard-of-hearing students

Extensive experience with ELAN software

Journalist 2022
EOS Science | Summer internship

Conducting and transcribing interviews

Familiarizing with literature from different areas - mainly communication science and psychology
